Karndean
Designflooring

Kaleidoscope is an innovative collection of modular designs custom cut in compatible geometric formats; utilising our most popular colours from our standard ranges including wood, stone, and new solids. It gives architects, interior designers, and contractors the freedom to explore a world of patterns and shapes to create compelling spaces through designflooring.

✔ Kaleidoscope is available in more than 50 different wood and stone products across our ranges.

⤴ Combine different shapes for a truly unique look. All Kaleidoscope shapes have a complementary scale and angles, which are designed to fit together.

✔ Product lead time is approx. 12 weeks. To place an order, contact your Commercial Business Manager.

⤴ Available in wood, stone and solid colours cut in six geometric patterns, Kaleidoscope offers the design community unparalleled flexibility.

⤴ Create a focal area around a bar or reception desk by zoning a geometric design in the floor.

For more information, contact your Commercial Business Manager or visit www.karndean.com/kaleidoscope
